**More than 12,000 children in Middlesex County, NJ need help staying in clean diapers. The Central Jersey Diaper Bank is here to help.**

- \* This year, we will distribute more than 140,000 diapers to more than 1,200 children under the age of three.
- \* We are the only dedicated diaper bank in all of Middlesex County, NJ providing diapers and other baby essentials to working poor families with young children.

**No Diapers=No Child Care=No Work or School**

- \* Without fresh disposable diapers, most child care centers will not accept a child for the day, which means mom and dad can't go to work or school.
- \* The poor pay more! Most of our families do not have access to lower-cost diapers. The average cost of diapers a month per child is between \$70-80.

**The Central Jersey Diaper Bank is here to respond, but we need assistance from our community through fun, engaging diaper drives.**
